A hand-drawn diagram of a vertical device. At the top, there is a semi-circular opening with a small circle in the center. Below this, a rectangular label contains the text "Digital Read out". At the bottom, there is a circular display with a central dot and several smaller dots around it. A vertical line runs down the center of the device, and a small rectangular protrusion is visible at the top right.

[illegible]

A hand-drawn diagram of a right-angled triangle. The triangle is oriented with its right angle at the bottom-left vertex. A dashed arc is drawn at this vertex to indicate the angle. A line segment extends from the top vertex towards the right, beyond the triangle's boundary. The entire diagram is enclosed within a rectangular frame.
